ACCESSIBILITY PLAN

2022-2025

THE HAMMOND SCHOOL LTD., MANNINGS LANE, CHESTER, CH2 4ES

Telephone: 01244 305350 | Web: www.thehammondschool.co.uk | Email: contact@thehammondschool.co.uk

The Hammond School Limited is registered in England and Wales Number 838325. Registered office is above. Charity Number 1022427 incorporating the Betty Hassall Foundation. The school is accredited by the I.S.A and C.D.E.T. and is a member of the B.S.A and I.S.I.

The Hammond is committed to full inclusion and regularly reviews how accessible the curriculum and training is for all pupils and students. Schedule 10 of the Equality Act 2010 requires schools to have a three-year accessibility plan and to regularly review, as well as to have a senior member of staff to have oversight and to disseminate to all staff. The member of staff must review, revise and implement the plan. The Accessibility Plan addresses the statutory requirements of the Equality Act 2010 and the Special Educational Needs and Disabilities (SEND) Code of Practice (2015) and the Children and Families Act (2014). These acts place a responsibility on the Governing Body to ensure that the school is socially and academically inclusive. In particular, the Equality Act requires the school to develop a plan to show how it will develop services in the following three areas:

(a) increasing the extent to which disabled pupils can participate in the school's curriculum

(b) improve the physical environment of the school in order to increase the extent to which disabled pupils are able to take advantage of education and associated services offered by the school, and to take advantage of education, benefits, facilities and services provided or offered by a school

(c) improving the delivery and provision to disabled pupils of information which is readily accessible to pupils who are not disabled.

The Hammond is a diverse and inclusive community that focuses on the wellbeing and progress of every pupil and student and where are members of our community are of equal worth. We value diversity and seek to give everyone in the school an equal chance to learn. Our guiding principle is to identify and break down possible barriers to learning so that all 'achieve their very best' and can achieve well and lead happy and fulfilled lives (SENDCOP 2015). The Hammond is a centre of excellence in learning, where all pupils and students, including those with disabilities, are supported and challenged to fulfil high ambitions. The school's SEND policy plays a substantial role in guiding the school's continually developing provision for students with special educational needs and disabilities.

Accessibility plans should include intentions for improving the physical environment of the school for the purpose of increasing the extent to which disabled pupils are able to take advantage of education, benefits, facilities and services provided or offered by a school. Even where all appropriate provision could be claimed to be well established, the school should still have some form of plan with additional developments. 'Disabled pupils' for the purpose of the disability access plan refers not only to those with physical disabilities but could include, for example, those with health issues, including mental health, or learning disabilities if they meet the legal definition of 'disability'.

The Equality Act 2010 retains the previous definition of disability: 'A physical or mental impairment which has substantial and long-term adverse impact on a person's ability to carry out normal everyday activities'. This has some overlap with the definition of 'special educational needs' in the Children and Families Act 2014 (which includes pupils with significantly greater difficulty in learning than the majority of children of his/her age, or a disability which means that a pupil cannot make full use of the general educational facilities provided for pupils of their age in mainstream state schools) but not all pupils are disabled by their SEN and vice versa.

The Hammond must:

• not treat disabled pupils less favourably;

• take reasonable steps to avoid putting disabled pupils at a substantial disadvantage (the 'reasonable adjustment' duty) in matters of admission and education.

The duty to make 'reasonable adjustments' does not include a duty to change physical features. From 1 September 2012 it does include a duty to provide auxiliary aids and services: 'where a disabled person would, but for the provision of the auxiliary aid, be put at a substantial disadvantage in relation to a relevant matter in comparison with persons who are not disabled, [a duty] to take such steps as it is reasonable to have to take to provide the auxiliary aid'. There are no generic answers as to what is a reasonable adjustment. The duty is always child specific and context specific.

The legal definition of 'disability' expressly excludes certain conditions: a tendency to set fire, steal, physical or sexual abuse of other persons, exhibitionism and voyeurism. This has the effect that a pupil with a disability is not protected by the Equality Act in relation to these specific behaviours – with one exception. Where a tendency to physical abuse of others is part of a disability (eg an autistic child who lashes out at care staff), this is not excluded; such a pupil has the usual degree of protection afforded by the Equality Act, namely the school must make reasonable adjustments to avoid putting them at a substantial disadvantage, eg adjustments to the Behaviour Policy and to avoid the behaviours arising (eg de-escalation strategies, supervision, staff training). Indirect discrimination can be justified where it is a proportionate means of achieving a legitimate aim. Tattoos, piercings and addictions to alcohol, nicotine and other substances are also expressly excluded from the protection of the Equality Act.

The aim of this policy and plan is to ensure all students will have access to appropriate qualifications and will develop the skills and resilience to meet the demands of working, family and community life. Students will demonstrate the empathy and confidence to work with others to achieve a better future.

The objectives of this plan are:

- To ensure all disabled pupils and students are fully involved in school life and are making good progress.
- To identifying barriers to participation and find practical solutions to overcoming these.
- To work collaboratively with disabled pupils/students and their parents/carers to create appropriate provision, including robust EHCPs where appropriate.
- To increase the confidence, sensitivity and expertise of teachers and support staff when teaching or supporting a wide range of disabled students.
- To meet the requirements of the Equalities Act and the SEND Code of Practice in respect of disabled pupils/students.

ACCESSIBILITY PLAN 2022-25

All staff are responsible for identifying and removing barriers to learning for disabled pupils.

- All leaders are responsible for improving accessibility within their area of responsibility.
- The Governing Body is responsible for the approval of this plan.
- The Principal is responsible for ensuring the resourcing, implementation and updating of this plan.

• The SENCO is responsible for ensuring that all current students' needs are covered by this plan and for monitoring the effectiveness of the plan in meeting disabled students' needs.

The Hammond's SENDCO is the member of staff with oversight of this policy and plan.
